### **REASONS FOR ALLOWANCE**

1. Moreover, the applied prior art of record fail to teach or fairly suggest the step of "thermally developing being started within 60 sec after imagewise exposure of the photothermographic sheet material using an image recording apparatus having an exposure portion and a developing portion and wherein the imagewise exposing and thermal developing comprises imagewise exposing a part of the photothermographic sheet material and simultaneously developing a part of the photothermographic sheet material that has already been imagewise exposed" claimed in the present claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
